10th June 2015

## Parents' Maths Survey

Dear Parents and Guardians,

We are currently gathering information about '**Maths**' in our school. We have surveyed all of our teachers and children regarding their feelings and attitudes to **Maths**. We now want to analyse and examine your thoughts and opinions about **Maths**.

Once you, the parents and guardians have completed the **Maths Survey**, we will use this information acquired to inform our **Maths Plan** for 2015/16. Your feedback is really important to us. This survey should take only 5 minutes of your time. **You will have until Sunday 14th June 2015 to respond to this survey. The survey will close on Monday morning 15th June 2015.**

**To Complete Survey:** Please click on the following link: **[Maths Survey.](#)**

Please complete a survey for each child who attends our school. You will need to click in to the link a second time to get a second survey.

Your response is a very important aspect of our School Self Evaluation in **Maths**. It will enable us to affirm and celebrate what we are doing well and to decide on changes we would like to make based on the evidence we gather. In this way, School Self-Evaluation can strengthen the links between our school and the community. We are enabled to share in a meaningful way, information about the standards of learning that students achieve in all aspects of their learning including academic, cultural, social and personal development.

***Please Note: All parents who complete the Reading Survey for Parents will be entered into a draw for €100.***

We looking forward to your support and co-operation in this initiative.

Yours sincerely,

***Richard Walsh***
