6th November 2012

Building Project Commencement

Dear Parents/ Guardians,

Construction of 4 new classrooms for the Junior School will commence this week. These permanent classrooms will replace the existing prefabs and it is hoped the project will be finished by May 2013.

This is wonderful news but has implications for all of the pupils parents and staff of both Junior and Senior schools.

HEALTH AND SAFETY IS PARAMOUNT

With effect from 12 midday tomorrow Wednesday 7th November the following plan comes into effect.....

☪ **The Fernwood gate will be closed** at 12 noon tomorrow and will remain closed until the project is completed.

☪ **The Fernwood Gate will be strictly a site entrance only** - and access to the school via this gate will not be possible again until the project is completed.

☪ **Safety hoarding** will go up reducing the Junior yard by half.

☪ **8.50 a.m. Morning Line Up for Junior school pupils will continue to take place in the Junior Yard** with new 'spots' being designated to classes whose line is now gone. Access to the yard will be through the main gates only

☪ **Senior School pupils will continue to line up in the Senior School Yard**

☪ **All pupils will enter and leave through the main school Gates only.**

We are very aware that this project will cause some inconvenience and we apologise in advance for this. But the end product will be well worth while.

What matters most is that all safety guidelines be adhered to.

We would ask for your cooperation, support and patience in this regard.

Yours sincerely,

Richard Walsh

Principal
